PROFESSIONAL SUMMARY

Computer Science graduate (Second Class Lower) with strong computer proficiency, hands-on experience in full-stack web development, problem solving ability, and experience delivering practical digital solutions. Skilled in building responsive applications using HTML, CSS, JavaScript, PHP, MySQL, and React. Experienced in database design, API integration, and delivering practical solutions. Passionate about software development and continuous learning.

TECHNICAL SKILLS

Languages: JavaScript, PHP, Python, Java, C++, Kotlin

Frontend: HTML5, CSS3, React, Bootstrap

Backend & Database: PHP, Node.js, MySQL, MongoDB, RESTful APIs

Tools: Git, GitHub, VS Code, IntelliJ IDEA

PROFESSIONAL EXPERIENCE

Web Development Trainee (SIWES) | i-SEFI Computer Technician, Osogbo

24 Weeks

- Designed responsive web pages using HTML, CSS, JavaScript, and Tailwind CSS.
- Built a shipping & logistics tracking website with an admin dashboard for shipment management.
- Developed PHP + MySQL backend for form processing, data storage, and tracking features.
- Designed and managed database tables for shipment and tracking information.
- Applied debugging and problem solving techniques on real world projects.

Freelance Web Developer

- Developed customized web solutions and responsive interfaces for clients.
- Designed a business website to showcase clothing brands, products and related information.
- Managed project development and updates using modern web development tools.

KEY PROJECTS

Forex & Cryptocurrency Simulation Platform

PHP • MySQL • JavaScript • HTML • CSS

- Developed a Forex and Cryptocurrency trading simulation platform with user dashboards, market views, and trade management.
- Integrated database functionality for managing users, trades and related records.
- Focused on creating a practical learning environment for users interested in financial trading.

Drone Advertising Website

HTML • CSS • JavaScript • PHP

- Designed and developed a responsive website for drone advertising services.
- Showcasing services, packages, and contact features with a modern responsive interface.

Shipping Tracking Website

PHP • MySQL • JavaScript • Tailwind CSS

- Built logistics platform with admin dashboard for managing shipments and customer tracking via unique codes.
- Created a fully responsive user interface with real time tracking functionality.
- Stored shipment information in MySQL through PHP backend script.

Personal Portfolio Website

HTML • CSS • JavaScript | Deployed on Netlify

- Built responsive portfolio showcasing skills, projects, and experience.
- Integrated a contact form and deployed the website on netlify, maintained the project with GitHub.

EDUCATION

B.Sc. Computer Science – Second Class Lower

Fountain University, Osogbo, Osun State | Graduated July 2026

Relevant Coursework: Data Structures & Algorithms, Web Development, Databases, Operating Systems, Software Engineering, AI & Machine Learning, Computer Networks, Hardware Maintenance.

Hikmah Secondary School, Auchi, Edo State

Graduated July 2015

LANGUAGES

English (Fluent) • Hausa (Fluent) • Etsako (Fluent) • Arabic (Conversational)

INTERESTS

- Web Development
- Software Development
- Web Technology & Innovation
- Hardware Repair & System Troubleshooting
- Football & Sports
- Continuous Learning

ADDITIONAL PROFESSIONAL PROFILE

- Comfortable working with development environments including VS Code and IntelliJ IDEA, with Git/GitHub for version control.
- Experience combining frontend interfaces, backend logic, databases, and deployment into practical end to end web projects.
- Strong interest in building useful digital solutions and improving technical skills through hands-on projects.
- Professional customer & client communication skill, attention to detail & accurate record keeping.
- Multitasking and task prioritization.
